Four Gems Cut Out Of Black Rock Calcutta Boy: A Multi-Faceted Creative Resurgence BLACK ROCK,

AUSTRALIA (08/28/08) - Diamonds take years to form in just the right conditions before they are pulled

from deep within the earth. Calcutta Boy, the latest release from Rhett May, formed in much the same

manner - taking years to develop. However, leave it to Rhett May, an experienced songwriter and

musician, to uncover four diamonds from the depths of his creative subconscious and his underground

studio! After years away from music, Rhett has prepared and polished these new tracks for the world to

hear. Rhett May is back and Calcutta Boy contains gems cut straight from Rhett's Black Rock, Australia

studio It's been nearly thirty years since Rhett's past successes in bands such as The Flint Stones and

opening for the likes of Freddie Mercury, Queen and Brian May. However, during the decades May left

music for the corporate world, his creative processes continued behind the scenes. The passion stirred

and started bubbling says Rhett, then all my creative juices started flowingpouring tumbling out! The

album is self-released and the melodies and lyrics are entirely penned by May. With help in the recording

studio from his childhood friend, James Payne, Calcutta Boy is the first of much more material due to be

released in May's creative rebirth. It is May's years of exposure and experience in so many different

musical genres that gives Calcutta Boy its varied styles and unique sound. Just as a diamond, each song

on this album is truly multi-faceted. With a classic rock feel, There's a Little White Powder, has an

addictive melodic hook running over an anti-addiction theme dealing with the social disgrace of cocaine

addiction. Well-crafted lyrics encompass a Caribbean/Calypso-style beat in Mirror, Mirror, one of the more popular selections on the album. Even pop-styled ballads appear such as Have Your Arms Been Missing Me, which has a hypnotic chorus and moody background vocal effects. African Queen contains a well developed storyline over surreal soundscapes and clever rhymes, taking the listener on a journey. Calcutta Boy owes a unique musical flavor to the way Rhett May has developed musically over the decades. His exposures Indian ragas- which encompass many notes to create a melody- and his exposure to the great melodic hits of the 50's and 60's have given Rhett a rare musical palette. Undoubtedly, Rhett May is in the middle of a musical renaissance. He has cut four shining new gems out of Black Rock, and more are sure to come! FOR MORE INFO PLEASE VISIT: rhettmaymusic.com ###
