My style has a unique flavor. 7 MP3 Songs GOSPEL: Contemporary Gospel, HIP HOP/RAP: Spiritual Rap Details: Shepherd Boy: I got this name just for being this kind of person. I t was given to me by a friend. Who saw this by his own sight of the type of personality that radiates from my very being of existence. E would say every time there was a show or video shoot. Before anything were to begin, I would stop and call a prayer before any one would jump on stage or off stage in the background. I had learned this from playing foot ball in high school, before each game the team would pray. You know no matter what it is that you do. You have much better chance of winning with God on your side, than not Having God at all. I never stood back to take notice until He told me. From that point on I had decided to keep the name although at that time I wasnt in the bible. I was still a bit worldly in the mind and really did not know that the name shepherd boy was the name of the blessed one the fleshly fore father of Jesus. King David. So E really gave me a blessing. The song Who knows is a story of truth by vision. I was just chilling out with one of my best friends talking about the old days. Along with having a drink. I would have not ever thought in my dreams I would be waking up in heaven. Before the King on his throne and then not be able to get in. That is just a very bad feeling having the knowledge of heaven and hell. My thoughts were just rushing away pleading begging for to get in through the gates. What I had learned was that I did not have a relationship with the Lord. I had darkness in my heart. Jesus say in scripture that men with darkness in their heart will not be allowed through the city gates. The blessing of this is I got a second chance, and so I wrote this song with the help of the Holy Spirit. May God bless you in all way.
