Eclectic electronica with a touch of techno and goa trance. 10 MP3 Songs ELECTRONIC: Electronica, ELECTRONIC: Techno Show all album songs: Once Upon a Midnight Dreary Songs Details: I'm a 65 year old guy (don't let the age fool you) with a love of music. Started playing piano at age 5 and continued until age 23 learning to play several different instruments along the way. I took a 40 year career pause and now that I'm retired I have the time to continue. I got interested in techno back in the late 70's and early 80's, the time of the old tracker .mod's and .s3m's so some of my work might sound a little retro.
