The "mellow blues" album debut from E&E Blues Express of ON HIT MUSIC GROUP. 11 MP3 Songs
BLUES: Mellow Blues, BLUES: Guitar Blues Details: This is the album debut for The E&E Blues Express, an Oklahoma City blues band that consist primarily of E. James Brazille and E. Kharim Brazille; a father and son band. E&E have performed for many years together in the Oklahoma area and have received nice praise. In the years they have performed live, their typical band setup was Emmitt, the father, on lead guitar and vocals, Emmitt, the son, on drums, Emmitt's brother Kenneth on Keyboards, James Russell on bass/keyboards, and Lil' Mac on tenor sax. On this album however, E&E decided to just do it all themselves. They produced, wrote, and performed all songs and instruments on the album. A friend of the family, James Russell, helped out on keyboards on a couple of tracks, but most of the album is all E&E. This is E. Kharim Brazille's second production credit following 2000's "Evening Music." The E&E blues express album is just as it's name implies, a fun trip through various styles of blues music.... Enjoy!
