Caribbean pop. A happy blend of reggae, chacha, salsa and South-American dance styles. 11 MP3 Songs POP: with Live-band Production, LATIN: Latin Pop Details: "Desayuno de amor..." is bound to put you in a happy mood. Eight catchy songs in Spanish and three in English will have you singing along (and probably, dancing) in no time. From "Taca" a humorous song about being married to a stingy woman, to "Desayuno de amor" which talks about the joy of waking up next to the one you love, this CD succeeds in being both fun and romantic. A more serious side is represented in "Haba ms" and "Que se lleve el viento mi dolor" which is a hopeful song in the midst of pain. "Nothing, Nothing" and "I love thinking about you" are songs with irresistible hooks in English but put to music that is distinctly caribbean. Buy "Desayuno de amor..." and get ready to have some serious "Fun en espaol"...
