[DOWNLOAD HERE](#)

In a manner that reflects his long-time academic and practitioners association with conservative politics and ideas in Canada, Hugh Segal traces the deep historical roots of Canadian conservatism and the themes that unite its pre- and post-confederation reality with today's challenges and issues. *The Right Balance* connects the historical roots and exclusive intellectual principles of Canadian conservatism to the fundamental idea of Canada with a new and insightful perspective. Provocative and timely, this book puts the present Stephen Harper-led Conservatives into a dynamic historical context and gives readers fresh insights into how Canadian Conservatism is different and why, providing depth and texture to today's headlines. *The Right Balance* will appeal to both adults and students who are interested in the economics.
