

Catholicism, Protestantism, And Capitalism - Amintore Fanfani

[DOWNLOAD HERE](#)

This classic work is an exhaustive philosophical, historical, and religious look at the relationship between Catholic and Protestant religious doctrine and both the historical and ideological growth of capitalism. Starting with a definition of capitalism, Fanfani examines how that definition squares with Catholic and Protestant teaching. He then looks at the historical development of the capitalistic mindset or mentality, and examines the growth of the mindset historically in light of both the Protestant and Catholic doctrine on economic life. This text will be of interest to all students of economic thought, philosophy, and Catholic or Christian studies.
