

Mp3 Alexander Bonus - Materializations

[DOWNLOAD HERE](#)

An abstract electronica symphony of transforming textures, themes, and moods based on layered improvisations from three contrasting synthesizers. 6 MP3 Songs in this album (44:27) ! Related styles: ELECTRONIC: Experimental, CLASSICAL: Postmodern People who are interested in Kraftwerk Vangelis Brian Eno should consider this download. Details: The most abstract and psychologically haunting album by the artist to date. Materializations is a six-part electronic symphony for three contrasting synthesizers, which evokes a wide palate of emotions and sonic textures. Produced over a single day, Materializations is music in constant flux, a timeless, kaleidoscopic creation by one of the most prolific electronic-music composers of this century.
