Contestant on American Idol Songs in semi regular rotation on Delaware's largest radio station My Music: Pop, Adult Contemporary, Club Dance but I love all types of music and can perform almost anything.

Here is what the "Taxi" A&R staff had to say about my music. "Ouch! Boy I can FEEL the song I'm Gonna Be Strong! Normally, I like a chorus to give away the punch line sooner, but I think that you make listening to the whole song worth the wait! The majority of the song talks about how strong she's going to be, and then at the end, she reveals that she will cry. The lyric is very real feeling, conversational, it conveys the story clearly, has good rhyme patterns brings tears to my eyes with relatability. All of that said Good Job!" " Casey certainly knows how to tell a story, as if you actually lived it. The conversational tone and clarity of the music is so good that the music feels like a good friend sharing her innermost emotions over a good latte in a small neighborhood coffee house. For those too busy for friends like that, this song could be that friend." "I have to comment on your vocals. They sound really good. You sound like a cross between the edgy side of Kim Carnes and the smooth side of Sheena Easton." Love to all my fans who purchased a CD, thanks for all of your support.
