The culmination of many different kinds and styles of music, with an emphasis on synthetics and electronica. Some phrases that describe the band = "film music", "ethno techno", "robot sex", "heavenly pop", "generic arabic" and "666". 12 MP3 Songs ELECTRONIC: Drum 'n Bass/Jungle, ELECTRONIC: Funk Details: And so the story begins... Two individuals share similar thoughts on cooking and political views, thus a montage of music is born. VomitGod on vocals, programming keys, Sara T. pounding drums from upside down, a computer sending synthetic prayers to the sky. Don't be alarmed, mum - it's only Dr. Gloop, the heathen, euphonious network serving a dramatic, dynamic breakfast for all the lads lasses of the planet Earth . Offering programmed witchcraft, melodic techno, funky film music, Dr. Gloop lights a candle near the toes of eclectic grooves across the globe. Ready your libation raise the chalice high - this is the music that happens when robots dance.
