Electronic, ambient, experimental, soundscapes, industrial 12 MP3 Songs ELECTRONIC: Ambient, ELECTRONIC: Soundscapes Details: I am a solo artist with the exception of on this album assistance from the brilliant Kaz. Despite playing the guitar in bands and as a solo artist I was in the late 1990's seduced by the musical possibilities opened up by developments in music technology. This album is the results of 6 years composing using tools provided by these new computer based technologies. The mood of Inside Other People is a reflection of my musical take on the essential elements of the complex emotional layers expressed by the vagueness and contradictions inherent to the human condition. Can we ever really know or even imagine what is "Inside Other People"?
