Positive songs that stick w/ you sung in a rhythmic way by the smooth voice of the composer for children and adults in a variety of musical styles-- MOR, rock, country, vaudeville, folk, jazz and more. Positive lyrics about exploring the world, your feel 24 MP3 Songs KIDS/FAMILY: General Children's Music, KIDS/FAMILY: Kid Friendly Details: Janet Allyn is an accomplished, published songwriter, performer, and music teacher. In her fifteen years of working with children, she came to find a lack of positive, meaningful children's songs available to teachers and parents. She wished for songs that would be uplifting without talking down. So she began to write her own! Janet's songs bring a reality and sincerity that is all too rare in modern music for young children. These delightful songs speak to children in direct, honest language, combining freshness and positive messages with a variety of interesting musical styles and rhythms. And most importantly, they're fun for kids to sing! Each of Janet's collections for children include the full version with Janet's beautiful singing voice and full accompaniment, plus additional instrumental tracks of each song for children and groups to sing and perform on their own. Please feel free to email Janet with questions or requests for sheet music, lyrics, or additional information.
