Alternative 80's style dance music. Soundtrack to the Jimmi Immij comic strip "Adventures on the Diagonal Highway". Join Jimmi on the quest of a lifetime. 11 MP3 Songs POP: New Wave, ELECTRONIC: Pop Crossover Details: Hi, I'm Jimmi Immij and I've been kicked out of my band "Chemical Glaze" 'cos I'm not top 40, and don't have 'the look'. Anyway, I've decided to go on my own adventure in search of a better musical landscape. It's much less corporate, much more creative and a lot of fun. Plus, I promise you that I won't sell my own line of perfume (clear chanel?)... ever! To celebrate my newfound emancipation from the shackles of glamor-greed, I've recorded my first solo album about my adventures along the diagonal highway. Check out my website, jimmiimmij.com, read my comic strip and join me in the immij revolution! Plus, 10% of proceeds from sales of my album will go toward protecting the environment. Have a listen! Hope you like it, and, Thanks! Jimmi Immij
