Upbeat and socially reflective positive life music with pop-rock-funk-folk stylings. 13 MP3 Songs POP: Pop/Rock, SPIRITUAL: Inspirational Details: Julia is a piano-based performing songwriter, known for her thought-provoking lyrics and her unusual pop/rock string quartet arrangements. Her first CD, "Order in the Chaos" (2000) was happily received by fans and critics. "Into the Unknown" (2008) is her latest project. Scott Reinwand has been co-producer for both releases. Notes from Julia: This has been a very intimate project. Though I do reflect on social issues and the state of the world some, there are songs here that touch on my most tender private self. I've included a song about my brother, who is autistic/schizophrenic, and another about failing in one of lifes most important relationships--pretty heavy stuff. But then on the other hand, I show my whacky side a lot in songs like The Way the World Works, Round and Art of the Sublime--songs that are complicated in some respects and suggest a Loving Intelligence who smiles and cheers us on at our growing knowledge. Mixed in with all that-- Ive sprinkled in songs about hope and trying again and seeing beyond the day to day obvious existence. I wanted to say it in a fresh and unexpected way. Tell me what you think. People who are interested in Sheryl Crow Nichole Nordeman Natasha Bedingfield should consider this download.
