L-Love "Political Science" a heavily Militant Cd. 10 MP3 Songs HIP HOP/RAP: West Coast Rap, HIP HOP/RAP: Rap Details: 5-Mics in The Source? The artist that Murder Dog Magazine (Volume 6, Number 4) called "Young Undiscovered Talent" is ready to be discovered! L-Love "Political Science" a heavily militant album that is a true album and not a Cd made up of singles and then presented as an album is one of the best offerings since 2pac "2pacalypes Now". While if released on a Major Label it would be an A&R Managers worst nightmare because of it's lack of true singles, it's stripped-down Production, Militancy over-toned and Power-to-the-People lyrics are perfect for an Independent Label and equal a consistent seller for Independent Distributors and One Stops. There is a Raw-Jagged-Edged allure in the Black Power themed 13th Studio album from L-Love that is missing in todays watered down Commercial Music. This man talks with a force that lets you know he believes every word that is coming out of his mouth. Can you say Martin Luther King Jr., Malcom X, Zapata or Chiapas?!
