We are an eclectic blend of rock, blues, and punk that is like nothing you have ever heard before. We blend fun, meaningful lyrics with a smooth original style to bring you a sound that is sure to tickle your ears. 11 MP3 Songs BLUES: Rockin' Blues, ROCK: Punk Details: Light Vision Boggles is the Power Trio of lead singer/lead guitar/song writer Will VerDuin, drummer TJ Meloy, and bassist Brett Roller. We exist because of our love of Christ and his gift of eternal life and of course the gift of music he has personally given us. We believe that people living in this dark and troubling world need to discover, as Paul did in Acts 9, the mind boggling grace offered to each one of us through Christ Jesus who was born by the virgin Mary, died with the weight of the world's sin on his shoulders and rose again on the third day to forever conquer death. We hope that our music will inspire you as well as entertain you. Our music is refreshing and rocking and represents our attempt to bring creativity to the Christian music scene. Our riffs are fresh and we could not possibly pick any specific genre to place our music in. Our sound is unlike anything you've ever heard and it will rock your face off.
