It's everything. It is what keeps us going when there is nothing else to hang on to. There is nothing like creating a song and performing it over and over until the hairs on your arms are permanently standing on end. There is nothing like seeing someone sing a lyric or two. There is nothing like the feeling of clarity when your on stage. There is nothing like being a band of musicians with different influences and opinions coming together to create a unique and signature sound. That is Murge. Whether you like to be hard rocked, emotionally moved, or hooked into a catchy melody, Murge strives to catch you in the moment. Your just as likely to hear a straight up funk song, as you are to hear a vein popping out of the neck hard rock song or a thoughtful melody you can't get out of you head. In the short time Murge has been together as a band they have accomplished a lot. Murge was the runner up in the American Band Competition in 2004, featured on 93X Loud and Local, on the FOX Morning show Soundcheck and a 2004 Finalist in the Zippo Hot Tour for Minneapolis
