Show all album songs: The Journey Songs Details: NEPTILOS is one man band project dedicated to instrumental music. The name NEPTILOS arises from the junctin of two world : Neptune and Nautilus (but instead of Neptilus the name NEPTILOS was used). He widely uses synths and his music is appropriated to be included in movies, theater and dance projects. Born in 1977 NEPTILOS has always been interested in music from a tender age. Having studied several instruments as well as classical and jazz music NEPTILOS has a rather unique and diverse approach to music. The interest in synthetizers and music involving computers begun when NEPTILOS bought his first synth (an EMU Proteus FX). From that time up to now NEPTILOS has work on several music projects but only in 2007 decided to finish a CD, tiled The Journey and now available on CD BABY ATTENTION: Physical CDs will be available in the beggining of November. Songs can still be purchased in digital format!
