Totally diverse progressive jazz rock blues 11 MP3 Songs JAZZ: Jazz Fusion, JAZZ: Acid Jazz Details: Following their amazing debut, 'Surrender Now' - this second album from ONOFFON really helps to define how diverse these guys are. Starting with the intense title track, 'Your Mind', immediately followed by the serene, mystical instrumental, 'Shadowglass', this CD takes you on eleven different musical journeys. Highlighted by excellent musicianship displayed by the usual trio of Don Lake, Von Babasin and Dave Goode, as well as their supporting musicians, the group also shows it's production qualifications. Each song is a feast for the ears, especially through a good set of headphones. With the popularity of soundtrack CDs and compilation CDs rising every day, people are showing they like diversity in their music - why not get that diversity from the same group? Check out ONOFFON, you might be surprised by what you hear.
