This CD has been in the making for about 3 years. The CD tries to capture the feelings relating to the human conditions we all face on this planet, be it love, fear , sadness, laughter and forgiveness. It's all here in the music.just listen for it!! the tunes are up beat with a dash of sadness , melancholy and even some funny stuff,like people clapping off beat in the introduction to ,NIGHTLIFE IN HAVANA. you ,the listener, are taken on a road trip to different emotions thru songs. close your eyes and just feel the beat or, the tune. UMA CHAMA NOVA, which means a new flame or fire. The tune refers to not a new lover but the life you always wanted. Another tune about sadness is ,IN MY TOWN. You can never go back home again. A love/life with no adventure has changed. You can even hear the sounds of tears as they fall as rain. The music reminds us that we often don't say everything that we feel except when compelled by change. People move us more than we want to admit but, we can be moved by music and it will release us. You might just even take the CD when you head towards the beach or your favorite getaway place...and by all means , turn up the volume when in the presence of others....thank you ...adeus...
