[DOWNLOAD HERE](#)

Swirling and rootsy downtempo grooves seeped in organic flavor. Conceptualized for the flea markets in goa, this is a didgeridoo journey for the body and soul. Produced by Cyril Kollock of Waterjuice and mouthharp/didgeridoo by Jovis. 8 MP3 Songs NEW AGE: New Age, ELECTRONIC: Down Tempo

Details: Shiva Subcontractor is the newest project from Cyril of WaterJuice fame and Jovis, performer extraordinaire. these chaps are San Francisco psy-scene refugees that have moved towards concept-driven music. we included the whole album because it's so damned good. it's deep and driving but not just in the beats: Shiva Subcontractor remarries the the bass with the rhythm with heavy didgeridoo that's been warped and modified. did we mention the mouth harp? who ever thought that didg and mouth harp could be made to sound so psychedelic?
