Details: For Vocalist-Songwriter-Musician-Producer Sonya Kahn, the quote, "Where words fail music speaks" isn't just a quote, it's part of who she is as an artist. But like an artist with a rainbow-spectrum filled paintbrush who paints on a blank canvas, Sonya Kahn adds colorful musical notes, heartfelt lyrics, majestic and complex music production values with freedom of expression to everything she does. A classically trained concert pianist with a Doctorate of Musical Arts Degree in concert piano performing and musical theory, this independent talent powerhouse utilizes her experience, education and creative wizardry to share her ideas, thoughts and soul through her music. WHISPERING SOULS is her newest edgy, rock single. It's a song addressing the politically controversial topic of genocide (something her family was personally affected by), where she mourns the passing of the souls killed senselessly, while she cries for tolerance, understanding and peace. With rhythmic flow, this song delivers almost a motion-picture soundtrack punch in the same breath as a human rights message with hope for change in the future. This multi-talented artist dovetails this new single release, after completing her most recent CD, a classically inspired, soulful and poetic anthemic rock-a-phonic album, NEW BEGINNING.
