In the meantime they continue to play in venues across the Wasatch Front, getting people out of their seats and onto the dance floor wherever they play. SL City Weekly's Bill Frost Wrote: "Call Off The Search, The Body's full-length debut CD, hits streets tonight! "Unsigned, but not that broke," the local sextet recorded, packaged and promoted their latest effort D.I.Y. style; and the result is nothing less than 19 tracks of head-bobbin' pleasure. Melding elements of hip-hop, dub and funk, they cast original notes, lyrics and beats against a fluid backdrop of live instrumentation. Armed with the sort of conscious music popularized by artists like the Roots, The Body aims to knock listeners upside the head and make them beg for more." -Bill Frost (Salt Lake City Weekly)
