The Hill Brothers turn Reading, Respect and Responsibility into a fun musical journey. The songs will have Kids, Moms and Dads singing along with smiles on their faces. 14 MP3 Songs KIDS/FAMILY: Children's Pop, KIDS/FAMILY: General Children's Music Details: The Hill Brothers sing with, about and for kids. Their songs speak to the issues that kids who are not yet teens experience. For instance, what kid hasn't searched for the perfect excuse for the teacher when he has forgotten his homework? Or how about gaining respect or showing responsibility. All of the songs on the 3Rs CD not only have a message but they are fun, sing-able and kid relevant. One of the most common comments heard by the Hill Brothers is that all my kid plays in the car. Jerry, Judd and Dave bring a wealth of experience to the concept of entertaining and teaching kids. They spend their time doing shows in schools throughout New York, Pennsylvania and Ohio. The common thread in this CD, derived from these shows, is to come away with more than you had before hearing the 3Rs.
