

Mp3 Valerie Gomes - Time Will Tell

[DOWNLOAD HERE](#)

Soothing and relaxing, intimate, mellow guitar and vocal CD. Feels like you are sitting in the living room with the artist. 11 MP3 Songs FOLK: like Joni, EASY LISTENING: Crooners/Vocals Details: Valerie has been writing music since the late 80s. "Time Will Tell" was her first solo recording. It's an honest and sincere representation of her music. She writes about her life experiences in a way that emotionally reaches out to the listener. You feel as though you are sitting with her in her living room as she sings about her most intimate feelings and experiences. The gentle guitar and vocals will take you on a very pleasant and relaxing journey. This CD was recorded in one afternoon by producer Jay Mark in his home studio. Jay has worked with The Allman Brothers, Madonna and many others. Lyrics, music and guitar: Valerie Gomes (C) 1998 Cover photo: Bill Harris Valerie has been working on a new CD, "Hold onto the Dream", produced by Brad Craig. This CD will be available in December 2006.
