Affiliate Defender CLOAKS Your Affiliate Links So No One Can Steal From You! Heres where it comes to a stop! Heres where you fight back and say no more! You work hard to generate clicks to your affiliate link. Too hard to let even one sale slip through the cracks. So, instead of letting someone rip you off by stealing your commission, youre going to begin using Affiliate Defender to HIDE your affiliate links!

Affiliate Defender offers... v Big-time cloaking and encryption that shuts down almost all affiliate theft by hiding your affiliate links from prying eyes! Affiliate Defender does two important things to keep folks from pulling the ol slip on you. First, this easy-to-use tool CLOAKS your affiliate link for you by using your own website domain name. For Example: If you are promoting the Free Advertising System through this Clickbank hoplink... [hop.clickbank.net/?yournickname/nocost](http://hop.clickbank.net/?yournickname/nocost) then it becomes

[yourdomain.com/freeadvertising.html](http://yourdomain.com/freeadvertising.html) Now, heres the really cool part... \* When someone clicks on your new affiliate link, the link NEVER changes in their browser location window. It doesnt matter how many links they click on at the webpage they are taken to (your affiliate webpage), the location will ALWAYS show as your cloaked affiliate link. No more stealing! \* In addition, the STATUS bar at the bottom of the

browser window is cloaked as well. You see, sharp folks can simply watch that portion of the browser window as the page loads and see exactly what the affiliate link is. Not with Affiliate Defender ! That is cloaked as well, keeping your affiliate link hidden. \* But, thats not all. This incredible tool also cloaks the various links that are embedded in the affiliate webpage. For example: Affiliate thieves could HOVER their mouse button over the order link and immediately see your affiliate link. Affiliate Defender makes this impossible! \* And finally, Affiliate Defender encrypts the SOURCE CODE of the affiliate webpage so it doesnt reveal your affiliate link either! If someone was to click on the VIEW tab in the menu bar of the browser and then select to view SOURCE, all they would see is a mess of jumbled code! Your affiliate link is nowhere to be seen! v Incredible ease and speed...setup your cloaked affiliate links in less than 2 minutes with instructions even newcomers can follow! Affiliate Defender is soooooo amazingly simple to use. And quick. Wow, in less than 2 minutes you can have your own safe and secure, completely hidden affiliate links in place for any program(s) you choose! It only takes three simple steps to use this tool... \* STEP ONE: Type your regular affiliate link into the tool. \* STEP TWO: Copy the cloaked code into a webpage HTML. \* STEP THREE: Upload the webpage. Youre done! It really is that easy. And, we provide a complete tutorial that shows you exactly how to do these three steps. Im not exaggerating a bit when I tell you that an affiliate link can be completely cloaked in under 2 minutes. Ive done it in 15 seconds myself. v Unlimited, lifetime use and free updates forever! When you purchaseAffiliate Defender youll be able to use the tool to create an unlimited number of cloaked affiliate links. And, youll have lifetime use of the tool -- no one year renewal fees here! And youll never pay for updates either -- when new features are added, youll automatically receive a FREE upgrade to the latest version. Sell This Product And Keep Every Penny You Earn With Free Master Reprint Rights (Heck, you can even give it away!) When you order Affiliate Defender, you have a MASTER reprint rights license to sell the product, or give it away. You can include it in a membership site, bundle it in a package, give it away to visitors at your website, offer it to get new subscribers to your ezine -- whatever you want to do with it!
