

Black Hole Gravitohydromagnetics

[DOWNLOAD HERE](#)

Introduction.- Relativistic Plasma Physics.- Particle Trajectories in the Ergosphere.- Vacuum
Electrodynamics.- Magnetically Dominated Time Stationary Perfect MHD Winds.- Perfect MHD Winds
and Waves in the Ergosphere.- Ergosphere Driven Winds.- Ergospheric Disk Dynamos.- Winds from
Event Horizon Magnetospheres.- Applications to the Theory of Extragalactic Radio Sources - Numerical
Results. EAN/ISBN : 9783540769576 Publisher(s): Springer, Berlin, Springer Netherlands Format:
ePub/PDF Author(s): Punsly, Brian
