\*\*\*\*\* Product 6: LikeList Facebook Viral Traffic Script - with Master Resell Rights: Having the internet marketer's needs in mind, I created what I believe to be the perfect Facebook viral marketing tool that works as an automatic way to make money on Facebook. It is maybe the best and easiest next-to-free way right now to generate a HUGE amount of leads and to multiply your

list; it's designed to be as simple, easy and enjoyable to use as possible for the users, while as effective and easy to maintain as possible for the site owner. Top benefits of using LikeList: -After you set up your site and with literally next to zero promotion, by the time the first users start using your site, more users will follow, that will bring even more, and then EVEN MORE, etc, while you sit and watch your earnings skyrocket! -The other huge part of LikeList is that all the entries of your sites are actually FACEBOOK PAGES. This means that if the top 50 entries have been liked by 100.000 people, then you have also 50 PAGES WITH 100.000 FANS, that you can send updates AGAIN AND AGAIN!!! And since the whole website is built around liking things, these numbers are easily achievable! You'll have a HUGE user base in no time! -There is an integrated CMS with a full WYSIWYG editor, with which you can easily create pages integrated in the website (that can also be liked and be virally spread over Facebook!). What, even THAT isn't enough for you? Well, there is even an integrated feature to add an e-mail sign up form with an "export as .csv" option. -There are also features such as daily trending quotes, an integrated ad manager, full integration with other Facebook functions, and many more (check below)! -On top of all these, you get the options to add social features to your site, like a comment box feature, or an activity feed that shows the users that did the latest likes. With all these, your visitors will not want to leave the site and will make it a money generating machine. -Finally -and maybe the best of all: you can make a NETWORK of INTERCONNECTED sites, that grow on top of each other, and work as a really big automated site! My 3 TEST sites together get MORE THAN 50.000 daily visitors in a small country! -LikeList is virtually bug free, it's fast and light for the user AND the server, it's easily customizable, it's REALLY secured, and the design and architecture are tweaked so to give the best feeling when browsing the site. Most important and unique features are: \* Easy and efficient design. \* Supports Text, Image, YouTube likes. \* Practical admin panel providing many useful tools. \* Pinning feature - You can put a specific entry on top of all others, which can be a up as suggested in each page load (this can also be a text link or a banner!) \* You can add FULL HTML CUSTOMIZATION on any entry you enter from the admin panel. \* CMS with a fully functional WYSIWYG editor (so you can easily create additional pages for whatever you want). \* Integrated ad manager. \* Show trending, latest, top and random quotes, and the ability to sort these as you like. \* Optional "Add your e-mail" form. \* SEO friendly URLs. \* Social activity feed to show latest people that have liked something. \* Facebook comments on every page - your users can comment on each page, and it will also show up on their FACEBOOK profile, making this even more

viral! \* Optional Facebook comment box - this works like a shout box, letting your users talk about anything. \* Security from spambots using Google's ReCaptcha technology. \* RSS feeds, to be used for SEO as well as anything else you could use them in! \* Ability to like whole pages. \* Adding and deleting entries. \* Users can report entries that should be deleted \* EVERYTHING you read above is easily customizable. \*\*\*\*\* Product 7: Facebook Profit Secrets Video Course - with Master Resell Rights: In This Video Course, You Will Learn Things Like: \* VIDEO #1: How To Set Up Your Facebook Account (1:43): This video helps to get you started on Facebook by showing you how to set up a new account. \* VIDEO #2: How To Create A Facebook Fan Page (1:48): Facebook fan pages have been used by many savvy online marketers to make a lot of money.
