

Harmonica Lesson/ 101 Hot Harmonica Licks

Are you feeling a bit stuck on the harmonica? Need some brand new inspiration? I've written, collected and compiled these licks over many years. They're fun, challenging and sound great. Included with this pdf are mp3 files that correspond to each lick. On that file, you'll find labeled recordings of each lick played through (at least three times) first at a slow tempo and then up tempo. There are licks covering a number of positions including 1st, 2nd, 3rd and 5th positions and also covering a number of musical genres including blues, country, bluegrass and jazz. This e-book is designed for the intermediate (and up)

harmonica player. A good command of draw bending (and some blow bending) is necessary to play most (but not all) of these licks. No overblowing or overdrawing is required. These hot licks will definitely strengthen your jamming capabilities and keep you busy for a long time. Please click on preview above to watch/hear a sample.
