

How To Succeed In Murder - Margaret Dumas

Charley Fairfax - heiress, theatrical producer, newlywed - has every intention of living happily ever after with her tall, dark, and sarcastic husband Jack. The only mysteries she faces are which play to choose for next season and how to decorate her dining room. But when Jack is hired to investigate a suspicious death at a San Francisco software company, it quickly becomes clear that high-tech has some low-life elements. The only way Charley knows how to help Jack involves doing something no-body thought she would ever do. Charley needs to get a job. It might be a problem that Charley and her band of irregulars from the repertory theater learned everything they know about the workplace from a production of How To Succeed In Business Without Really Trying, but that doesn't stop them from going undercover to find a killer. And even though she's only had one day's training in corporate double-speak, Charley isn't worried. Faking it has always been her strong suit. Charley and Jack are starting to get the hang of this marriage thing. If only people would stop talking about babies, introducing them to decorators, and trying to kill them, they might even get to take a honeymoon.
