60s style folk in its rawest form with Renaissance flair. 12 MP3 Songs FOLK: Minstrel, EASY LISTENING: Ballads Details: Originally recorded in 1996, these tracks portray the artist in his rawest form. Saddled only with acoustic guitar, harmonica and some subtle underlying keyboard accompaniment, the artist reaches back and pulls out gut-wrenching honesty in these 12 tracks of lost loves, some regrets, new found hope and inspiration. Andromeda is a spiritual album in the fact that it forces one to look into their own soul for strength and healing. Now released for CD after a decade of growth and finale, Andromeda is a backwards glimpse of where one was at a time of resolution and transition. The double entendre title song complete with constellation image moves this compilation hauntingly into your psyche. People who are interested in Bob Dylan Leonard Cohen Arlo Guthrie should consider this download.
