A wicked folksong parodist, with works featured in Sing Out magazine, as well as on folk and humor radio shows like Chicago's Midnight Special, and Music with Moskowitz. 15 MP3 Songs FOLK: Modern Folk, FOLK: Traditional Folk Details: Bob is often described as the "Wierd Al Yankovic of filk". But that's not quite true. Unlike Weird Al, Bob Kanefsky ("Kanef") doesn't record his own parodies. Instead, he hands off that honor to the original artists. Roundworm collects fifteen of Bob's most delicious parodies, led by the "filk" dream team of Julia Ecklar and Heather Alexander. Julia and Heather are joined by Leslie Fish, Taunya Gren, Kristoph Klover, Kathy Mar, Steve Macdonald, Seanan McGuire, Ookla the Mok, and Acacia Sears, along with Bay Area folk heavyweights Annwn, Jon Berger (formerly of Tempest), Margaret Davis, Karl Franzen, Cat Taylor and Mark Ungar.
