The World's Original Punk Rock Mariachi Band. 13 MP3 Songs ROCK: Punk, LATIN: Mariachi Details: After a drunken stint on the 2004 Vans Warped Tour, Carne Asada stumbled into the studio to record 13 tracks of relentless, straight-outta-Tijuana mariachi-punk. "Full Contact Mariachi" includes several traditional mariachi classics redone in a blistering punk style, several punk songs done mariachi style, and a few plain old hilarious punk rock tunes. We are not culture vultures. Our guitar player is really from Tijuana, thus giving us genuine ethnic credibility. If you're looking for the next trend after Irish Folk-Punk, look no further. This time next year all the true hipsters will be wearing sombreros.
