Details: "A full-moon drum circle jamming with Bruce Hornsby." That review just caught me off guard, as I actually invited Bruce to sit in. (He declined). But our piano player has that same kind of huge, dreamy, style that lent so much feel and inspiration to the album. Of course, the song writing, guitar chops and musicianship of Craig Olson are what really carry this disc from start to finish. Solid arrangements well-crafted tunes and "Some exceptionally well-written, catchy music." [EOW]
