Compilation of songs which express the father and son bonding experience. 11 MP3 Songs GOSPEL: Traditional Gospel, EASY LISTENING: Love Songs Details: BACKGROUND Who can deny the love that a father gives; the kind of love that influences a child throughout their life. Guitarist, Dwayne McMillan cant. It was the resonated music from his fathers quartet group that ignited the musical interest. As far back as he remembers, Dwayne recalls the silent father/son bonding by observing his fathers rehearsal sessions in their living room. From his roots in Brooklyn, NY to his childhood memories in Teaneck, NJ, Dwaynes musical interests moved beyond the quartet group to the soulful sounds of church music, so at the age of seven, it was the high pitched sounds of the guitar that convinced him of a music career. As Dwayne grew into adolescence and young adulthood, he began to perfect his talent with guitar lessons and gained support from his biggest fan, his father. His first Gibson GS guitar came as a gift from his father, the same type used in his fathers quartet group. After graduating from York College, Dwayne chose a career in Information Technology and later became a Microsoft Certified Professional and continued to play for local churches throughout the country. Although Dwaynes day job created shelter and a means of survival, his love for the guitar never diminished. Performing at every opportunity, this began a sea of networking among other musicians in the local and national arena. The first big break came as legendary soul and pop singer, Ben E. King of the famed song, Stand By Me, saw Dwayne perform. After joining the band, his repertoire opened to R&B, Reggae, Jazz and Blues. This solidified Dwaynes musical career.
