Poignant and witty lyrics, beautiful melodies, sweet vocals and imaginative fingerstyle guitar. 11 MP3 Songs FOLK: Modern Folk, ROCK: Folk Rock Details: Kevin Elliott has pursued his love of music in a multitude of directions for over thirty years. In addition to hosting his own radio show, From the Joshua Tree Inn, on WEFT-FM in Champaign, IL for the past ten years, Kevin has written numerous songs, written pieces for solo guitar, performed alone and with others, and finally released his first CD, You Really Had To Be There, in 2006. Kevins songs are populated with a variety of left-of-center characters, who tell their quirky stories in ways both moving and amusing. With rich and colorful language, set to beautiful melodies, these songs stick with you. And Kevins fingerstyle guitar playing carries the songs; it is often elaborate, but never intrusive. Evocative of the work of Tom Waits or Paul Simon, the musical storytelling of Kevin Elliott will invite you to listen, and then listen again.
