He tells everyone it's his 'safe' bracelet. Thank you again for what you're doing. I really do feel that you are making a difference." "Thanks so much for offering this cd for our little ones. my daughter is about to turn 5 and has celiac and allergies to soy, milk, rice, and eggs. she loves the few children's books we've been able to find. they make her feel like she

has allergy friends in the world. I'm sure this cd will help make her feel more secure in who she is. that's a great gift to parents as well as our children." "I just had to tell you that I completely appreciate the song about Gluten. Yes, these songs are made for children (and I'm 21) but it's great! I have Celiac Disease, and I get really down from time to time because of it, it's such a pain. So now whenever I'm feeling like that I will have to listen to this song, it's awesome!"
