Original musical productions set against candid lyrical offerings 12 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, URBAN/R&B: Contemporary urban Details: UK Hip-Hop veteran Logan and musician / producer Slim Jim's first offering combines original and minimal electronic productions set against candid lyrical offerings. More than just a rap album, "Let it Go" delivers hip-hop, blues, Latin, ska, orchestral, electronica, ambient and rock transcending convention similar in a spirit to Outkast, Mos def, or Cannibal OX. At times paranoid and claustrophobic but always true to life. Fans might find the album's eclecticism intriguing, though it might require a few listens to get the full picture. Music fan's who appreciate hybrid offerings will enjoy this while those who can only listen to hip hop may find it a little challenging.
