SPOKEN WORD: With Music, WORLD: Asian Details: Beauty Ignored is Merris Atmans debut album.
The theme of her poetry is the ways in which we ignore beauty in our daily lives, and the beauty that we yearn for. Her poems explore issues of beauty found in the heart and soul of a woman, in the environment and in deep spirituality. Merris was born in India and raised in America. Her poetry crosses cultural boundaries and explores the heart of a womans spirit. If you are a man, youll enjoy looking at the soul of a woman who doesnt negotiate or marginalize her soul. (You might even enjoy her sultry voice.) If you are a woman, youll enjoy listening to Merriss search for herself and meaning through her poems. Merris worked with another talented woman (Kay) who created original textural music to add to the depth of the spoken words. Listen to a few tracksbe enticed and soothed.
