"Through the power of God who has anointed me to sing the gospel in a way that reaches people from one generation to another, it is my prayer that through His words in song, you will receive Hope, Encouragement, Love, and Praise that will give you fulfilled, meaningful and divine inspiration that will lift you above your situation moving you from prayer to your praise." Nate started singing at a very young age with the Brown Brothers of Charleston, South Carolina. "As I served distinctly in the army from 1983 through 2004, it was God who kept me for His purpose even when I had my own agenda.
