A mixture of dance, ambient and trance tunes. 9 MP3 Songs ELECTRONIC: Dance, ELECTRONIC: Ambient Show all album songs: A New Horizon Songs Details: A New Horizon is Tiffany Lunns' second album. This time she has taken her music to a new level, with fantastic new equipment and a far more upbeat sound. Although a strong contrast from her debut album Escapism, fans of her first cd will love the strong melodies of A New Horizon. This music could easily make the charts, and has a fantastic club feel to it. It's extremely energising and fantastic to exercise, dance and drive to. Also would be great to get you in the mood for a night out on the town, and uplift your mood. It's refreshing to hear such lively music with such strong memorable tunes, yet without the mind numbing repetition that most dance music imposes on you. Each track is unique from the last, and Tiffany keeps it interesting with the every changing structure of her tunes. The tracks are very diverse ranging from the beautiful chill-out ambient track "Below the Surface" which sends shivers down your spine, to the other extreme of the dance floor filler "Adrenaline Rush". If listened to on a headphone set A New Horizon really takes you on a visual journey...escapism on a new level.
