Mary Barnes has had several rabbits as well as pets of various kinds. She says that the bond that can develop between a rabbit and its owner is as special as that enjoyed by people with any other kind of pet. "In some ways," said Mary, "it can be more special because the rabbit retains more characteristics of its wild forebears and it's wonderful to feel the bond that develops between the rabbit and its owner." "Every rabbit is different - each has its own magic appeal." Mary's aim with her first book is to help people to appreciate the benefits of owning your own pet rabbit and to know how to get the most enjoyment from your wonderful years together. P.S. Get all the answers when you download "Your Pet Rabbit Guide!" I have tried to make everything as simple as possible for people that are
