I suggest you use the software to generate as many keyword rich hyper linked articles pointing to your site and importantly its internal pages. After you have done this, please submit the rss feed of these blogs to the RSS aggregators listed above, to provide you with very nice 3 way links. Use the free social bookmarker and video submission sites to the site you are promoting and at least 1 of the MSN blogs you have created (more the better) In 2 to 4 weeks you will be AMAZED at the backlinks created using the software and advice given above. To gain even more quality backlinks from authority sites, I suggest Geo Authority Link Explosion Generator Get It [HERE](#) More links from authority sites means higher listings in the SERPS. If you have chosen your niches carefully, you can totally dominate the entire Front page of Google for your specific niche. Your niche, Your Links All from different sites. Nobody including your competitors will know you have captured nearly all the front page for this niche. Nothing better than competing with yourself. After feedback from my customers, I do see that there are still a lot of people that dont fully understand the importance of choosing a niche wisely. One person was complaining that after using my products they were not getting traffic. They said there were plenty of backlinks but no

traffic I enquired to which market they were targeting. Answer = Internet marketing !! DOH Of course the problem with this market is its HUGELY Competitive. close to 50 MILLION competing pages, not to mention each of those listings in the top 30 or so, have been extremely optimised and many people are fighting over these top positions.
