Original and fun story songs for children and their families. 18 MP3 Songs KIDS/FAMILY: General Children's Music, KIDS/FAMILY: Kid Friendly Details: This is BEEBO's first album. All the songs were inspired by his two daughters and some of the things they liked as young silly kids. This is a CD with many story type songs like "A MOOSE'S TALE" and "ONE CAT'S MEOW". Some are quite silly imaginary made up songs and others are loosely based on actual events and life that parents and kids share, (like "GRAHAM CRACKER CRUMBS ON THE PORCH"). A good collection of songs written and performed by Roland (BEEBO) Bibeau for you and your family. I hope you like these songs and if you do, tell everyone! If you don't, keep it to yourself, OK? Bye for now.
