Melancholia short stories bout' love, murder, hope, ramblin' and betrayal. 12 MP3 Songs in this album (50:57) ! Related styles: COUNTRY: Americana, BLUES: Folk-Blues Details: These are "The Memoirs of a Poor Balladeer: Volumes 1 2" Bleak, and intimate short stories sung all by my lonely ol' self. Songs of heartbreak, and triumph. Recorded, and performed to 4 track analog in Lake Arrowhead, and San Francisco, spring/summer 08'. They've been mixed, and mastered in Minneapolis by none other than Billy 'The Jack'! These aren't acoustic records, I laid down tracks all over the place, but the songs stand all by themselves. Dark, moody, sincere, and oh' so primitive. Poured my heart out! I really enjoyed layin' down, and producing these lost souls of mine. Hope ya'll dig em' too! Cheers, Dimes.
