GUILLERMO ANDERSON: Canciones Para Un Pais Mejor Esta es una coleccin de canciones que Guillermo Anderson compuso para campaas de educacin , salud y medio ambiente en Honduras. Las canciones fueron grabadas en distintos momentos y aos de su carrera. Costa Norte Records pens que valdra la pena reunir las en un CD pues han sido parte importante de la participacin social de Guillermo en la vida nacional de Honduras. Son canciones realizadas en distintos estilos pero en su mayora temas basados en ritmos latinos. Algunos temas estan grabados con el sonido clsico del cantautor a voz y guitarra y otros tienen arreglos en formato de grupo. English: This is a series of songs written by Guillermo for a variety of causes that range from the environment to education and health campaigns. The songs were written in different stages of Guillermo s career and had not been placed in any cd in the market until now. Costa Norte Records thought it important the they should be placed in an anthology because they are an important part of the role Guillermo has played in Honduran Society. The CD is a collection of different styles but mostly latin rhythm based songs. Part of this album sounds as classic Latin American singer songwriters acoustic guitar and percussion. There are also songs arranged with a full band.
