The Beatles meets Rodgers and Hammerstein. 12 MP3 Songs in this album (39:13) ! Related styles: POP: Beatles-pop, CLASSICAL: Musical Theater People who are interested in The Beatles Ben Folds Mika should consider this download. Details: While musical theater has long borrowed from pop, Holley's "theater-pop" borrows from musical theater: character-driven songs with evocative settings. Complete with Brill Building style arrangements, Confessions of a College Student is essentially a radio-musical, as listeners follow the ups and downs of infatuation, rejection, and retrospect. What listeners are saying: "Loved it! Mika meets Pulp - humorous and intelligent and well constructed." "Trendy and youthful." "A feel of the Beach Boys-Kinks-Beatles." "This guy is the next John Lennon." Following the High School Musical phenomenon, audiences may now be ready for a "College Musical". And, unlike University A Cappella by Ben Folds, this college music is virtually a one-man record--much like the projects Ben Folds is known for. Strangely enough, listeners often mistake Lamar Holley for Ben Folds, because their voices are so similar.
