Noor's journey began over eight years ago when four friends were brought together to perform in Los Angeles, California. Drawing their inspiration from well known world musicians such as Abul Jood and Imad Rami, it became clear to this group as the number of performance requests began to increase that they had to take it to the next level, and that's when they formed Noor. In their first foray outside the realm of traditional nasheed, they wanted to add a modern flavor to the lyrics, they performed from old books of poetry. At the time, traditional nasheed acappella-based with light percussions was appealing mainly to first generation immigrants. The group's new sound began to attract attention from younger listeners, filling the performance halls with both young and old. Noor has shared the stage with internationally known artists such as Sami Yusuf, Abu Ratib, Native Deen, Zain Bhikha, Seven8Six, Rahan, Ehab Tawfik and much more. Their goal is to inspire people of all walks of life while producing high quality songs with classic, wholesome lyrics and music.
