

# Mp3 Phillip Bracken - Everything Looks Better In Candlelight

[DOWNLOAD HERE](#)

Hypnotic, moody folk with a soul of it's own. Enveloped by a unique and warming voice, and lyrics that will parade in your brain long after, sitting upon simple yet evocative guitars. You might not sing along but you'll be glad you listened. 5 MP3 Songs in this album (29:00) ! Related styles: FOLK: Alternative Folk, FOLK: Modern Folk People who are interested in Tracy Chapman Eddie Vedder Ben Harper should consider this download. Details: Phillip Brackens music explores the space between the sea and the moon. Just like him it is nomadic in spirit. An obvious dreamer, he expresses a curious nature within his tunes. With a unique and warm voice he is at once absorbing as his music emanates from all that consumes his senses. Powerful enough to take you with him, his rhythms are calm yet somehow intense and hypnotic at the same time. Everything Looks Better in Candlelight is his debut ep.
