[DOWNLOAD HERE](#)

This cd features songs that are mostly pop, and adult contemporary, with touches of country, rock, and blues. All written and sung by Ray. 13 MP3 Songs POP: Beatles-pop, ROCK: Americana Details: Most of the songs on this Morrhythm Records release are also on Ray's self-released cd, "It's Just Life". They were all re-mastered and can also be found at OutstandingMusic.com, along with other cd's by Ray. This is a first for Ray, in that not only has he written and sang all the songs as usual, but he also played (except for the drums), recorded, mixed, and produced it all. It is his own personal favorite cd, but what makes it very special to him however, is that the drum tracks all were played so superbly by his son, Raymond M. Lani. This cd has a bit of a "live" sound to it, and so not "perfect" from a musical or technical point of view, in that it was not recorded with studio musicians in a true "studio" environment, as Ray's other cd's were done, but recorded at Ray's "home studio", with Ray and his son just "having some fun, and doing it all". A bit of a compromise, but still well worth it. The songs are mostly pop and adult contemporary, with some country, rock, and blues mixed in. Many of these songs have already placed high in The Song Of The Year contest, and Ray hopes that they will receive much radio play, as is with his other cd releases? A top five finalist in the Song Of The Year Contest, Not A Day Goes By, is a song as his son likes to call it, gitchy. Its All In The Eyes is a bouncy, jazzy song, that is very catchy and with cool lyrics. Its Just Life is that Beatley type of rock/pop song, that also has meaningful lyrics, as do many of Rays songs. Very special to Ray are Precious and The Child Within, and one listen will tell you why. The Lake is a beautiful ballad written about the lake on the cover photos. For country lovers there is, Its A Way Of Life, a country/rockabilly up-tempo song about life, and the country/rocker, Names On The Headstones, Faces On The Wall. And for blues fans, there is The Same Ole Sun, which also can be a teaching song for children. Listen and see why? For Ray's most requested song at live performances,

check out the "unplugged" version of "Just A Hug". Ray is currently writing songs for a possible all Christmas cd, and also has many new songs ready for a Christian cd. But until then please check out Ray's other cd's available right here at cdbaby, or check out OutstandingMusic.com, or JetspeedEnterprises.com, and search Ray Lani.
